Malcolm Tweddle Elementary School

Principal's Message
2006-2007

Dear Students of Malcolm Tweddle School,

One of the great things about a year book is that it can bring back fond memories for years to come. Over time I have been able to look back at classmates, activities, schools that I have attended, as well as schools where I have taught or been an administrator, and it is always an enjoyable experience. Looking at your yearbook you will see your classmates and some of the activities you were involved with this year. What you won't necessarily see is all the growth you and your friends have experienced over the year.

Every year we see phenomenal growth in you, our students. This yearly growth is continual and it is really quite remarkable to observe the grade six students and what they are capable of when just seven short years ago they were starting kindergarten. All of you have learned many new skills as you have grown academically; you have changed and matured physically; you have learned new strategies for positive social interaction, and contributed greatly to the positive climate here at Malcolm Tweddle. These aspects of the past year will be kept as wonderful memories that should be celebrated now and for many years to come. I would suggest you keep this book in a safe place where you will be able to look back on your years here at M.T.

I hope that you and your family enjoy looking through this Memory Book and are able to reflect on all your accomplishments and fond memories of Malcolm Tweddle School.

Sincerely,
Ted Biggs
